

Magnum 10-Pair Studio Pro-Style Dumbbell Rack

MG-A541

The three-tiered design of the Magnum 10-pair Studio Pro-style Dumbbell Rack uses less space than a traditional 10-pair, two-tiered rack. It offers storage space for 10 pairs of pro-style dumbbells from 2–20 kg / 5–50 lbs. The 15-degree angled trays help prevent wrist strain when removing and replacing dumbbells. Dumbbell cradles and a solid tray design provide stability and secure storage in the most rigorous training environments. Tubular construction offers lasting strength and durability along with a distinctive aesthetic. Bolt-down tabs located on the front of each leg provide added stability.
