

Magnum Double MEGA Rack

MG-MR47-03 X 2

Our Magnum Double MEGA Rack takes training to the max. A combination of two racks and custom connecting elements, the Double MEGA Rack lets you tailor your equipment to your facility, expanding your options by allowing more individuals to train in less space. This flexibility lets you to define your own priorities and get the most out of your investment each and every day. A height indicator and a coloured locking pin make bar-level changes quick and easy, and J-hooks made of high-density polyethylene (HDPE) protect the bar knurling from scratches. Plus, the seven-gauge steel uprights and heavy-duty frames mean the Magnum Double MEGA Rack can handle your toughest users and the most rigorous workouts. Includes adjustable safety bars, dual straight chin bars, bar storage, band storage and weight storage.
